SUPPLEMENTARY REPORT

HOMICIDE: ROBERTSON, SHELLY

CR 75-646

DATE: SEPTEMBER 10, 1975, 7:30 A.M.

Writer drove to 1742 West 36th and picked up Mr. Mel Harvey. Denning and Harvey went to 34th and Sheridan in an attempt to identify the older red pick up which Mr. Harvey identified as picking Shelly up when she was last seen. While staking out the intersection, comparisons of pick-ups were made. The one closest to Mr. Harvey's memory were 1957-58 Chevrolets. However, the suspect vehicle was not contacted.

Denning and Harvey went to the victims residence in an attempt to determine if the clothes, Mr. Harvey had observed Shelly wearing when last seen, were in the house. Gary Robertson was working on the house; he stated that on Monday afternoon, the day Shelly was last seen, he received a call from a friend of Shellys requesting that Shelly return her call, he put the note in a flower pot on the table under the light where Shelly would find it when she returned. This note was still there when Mr. Harvey stopped Tuesday morning. Shelly had not called the girl.

Neither the brown striped dress which Mrs. Rossi states she saw Shelly wearing June 29th, nor the blouse that Mr. Harvey recalls were at the residence.

CONCLUSION: Shelly did not return home after being picked up at 34th and Sheridan.

Denning contacted Mrs. Robertson by phone from the victims residence. Mrs. Robertson stated she had taken some of the clothing home. Denning drove Harvey to her home in an attempt to locate the blouse Shelly was last seen wearing. The blouse was not at Mrs. Robertson's home either.

While at Mrs. Robertson's Denning asked about Shelly's marriage. Her reply was "how did you find out about that?" She went on to explain that Shelly had married a Canadian in a "convenience" marriage. It seems that the husband wanted to work in Alaska and Shelly wanted to go into Canada. As spouses are allowed to enter both countries the marriage was of practical value. Her reason for not mentioning it before was implied that her husband might be her legal heir. Shelly's husband is Lloyd Sullivan, 9741 110th Street, Edmonton, Alta, Canada. He is flying in within the next week. Denning read a letter at Mrs. Robertson's dated August 28th from Sullivan to Shelly. It appears from the nature of the letter that they were only good friends.

While Denning was with Harvey during the day the following information was gained:

Shelly's hair was cut much shorter than indicated in the photograph we have in possession.

When Mr. Harvey walked the victim to 34th and Sheridan she was definitely going to work and her plans were to catch a bus at Colfax and Sheridan.

CONCLUSION: It seems increasingly important to locate the red pick-up Shelly last entered. Arrangements were made to meet Harvey again September 11th in this attempt. (See Harvey's interview for description)

PAGE 2

Denning contacted Molly Fox by phone, the girl Shelly had spent her last weekend with. Arrangements were made to meet her at an eye doctor's at 10th and Wadsworth at 3:00 P.M., Mrs. Fox had an appointment for her children there.

Molly Fox (see interview with Mrs. Fox), Shelly Robertson spent Saturday and all day Sunday with Molly Fox. Mrs. Fox advised of a party, a member of the theory group who she felt was Catatonic "Someone who does not respond to reality, physically or mentally, if subjects arm is lifted over their head, they will hold it there until someone moves it, subject does not respond in any way".

She advised this party had taken an alias of Chris Wollerman for purposes of group theory. She stated his real name was Bill, last name unknown.

Denning referred to Shelly's address book and found a Chris Wollerman at 1770 West Samuel Drive, #303B, Westminster, Colorado. Denning drove to Samuel Drive and did not find that address. However, at 1770 West 73rd Avenue (adjacent to Samuel Drive, there is an apartment house with that apartment number. Denning contacted the manager Mrs. Sandra Stanley (429-3128) who related the following information:

That a William C. O'Hara had vacated that apartment approximately at the end of May.

That he had only lived there approximately one month.

That his girlfriend was a slim dishwater blond.

That when he left, several police books and a book entitled How To Cheat On A Lie Detector Test were left behind.

That the subject had left the State to go to North Carolina.

It was also noted that apartment #303A had the name Williams on the mail box (Denning will check to find out if this was Jeff Williams).

ACTION NEEDED: Contact Fulcher Company at 759-9911 (2715 South Locust - take Yale Exit off I-70 East to Locust) and ascertain exact date of vacation of O'Hara, DOB and forwarding address. Ascertain full name of Mr. Williams, Apartment 303A, and date of vacation. It is noted that the address was listed incorrectly and it is possible that 303A may be Jeff Williams, suspect at the Big Horn incident.

DATE: September 10, 1975, 5:00 P.M. - Denning interviewed Alice Baer. Mrs. Baer was listed in Shelly's address book as Alicia Baer and was a close friend of the victim (see interview Mrs. Baer).

DATE: September 15, 1975 - Denning had knowledge of a W-2 form mailed to suspect Jeff Williams; sender, Rocky Mountain Motorist, 4100 East Arkansas, Denver, Colorado 80222, SSN: [REDACTED], letter dated September 12, 1975.

HOMICIDE: ROBERTSON, SHELLY

Denning this day contacted Detective Jerry Thompson, Homicide Division, Salt Lake County Sheriff's Office, Metropolitan Hall of Justice, Salt Lake City, Utah 84111 by telephone who related that he would send copies of Bundy's credit cards heretofore subpoenaed by him, he also stated he would send background information on Bundy and that he was going to Washington this week to meet with authorities there. If related material develops Thompson will contact this Department advising of same. He also advised it is possible they will obtain a search warrant for Bundy's vehicles and property directly. Denning advised Thompson he would send a copy of this report to date for his information.

INTERVIEW

CR 75-646

HOMICIDE: ROBERTSON, SHELLY

DATE OF INTERVIEW: September 15, 1975

SUBJECT: Mrs. Mary Alice (Molly) Fox
10501 Allendale Drive
Arvada, Colorado 80004
Phone: 422-2200

EMPLOYED: Student, Community College
Red Rock Camp
Sixth and Sims
Golden, Colorado 80401
and
Human Services - United Way Agency
7590 West Sixteenth Avenue
Lakewood, Colorado 80215
Phone: 234-1160 (Thursdays)

Mrs. Fox related that Shelly had spent Saturday, June 28th with her, also that she had stayed Saturday night and then on Sunday, June 29th they did attend a church picnic in Coal Creek Canyon. This was through the Church of Christ, Pastor Jim Koob, 72nd and Sims, Arvada, Colorado.

They returned from the picnic about 7:00 P.M., Molly took Shelly home at 8:00 P.M. or 8:30 P.M.. Mrs. Fox sat on the porch swing a couple of minutes, said good-by and "gave her a hug". (It is noted that this is approximately the time Mrs. Rossi gives as seeing Shelly with a man. Mrs. Fox has short hair and it is possible that this was the incident Mrs. Rossi observed).

Molly related that Shelly had been wearing regular levi shorts with ragged edges and that they were faded. Shelly had on a halter top (no bra) and possibly sandals or tennis shoes.

She stated Shelly had felt sad about Ron Christenson leaving and that she was looking forward to a phone call the first part of the week. Shelly made two phone calls from Molly's residence, one to Fred Wollerman (no answer) and one to the church about the picnic. It is possible she made others which Molly did not know about.

When asked about possible suspects from the theorpy group she replied reluctantly she knew of one member who seemed "Catatonic"; "Someone who does not respond to reality, physically or mentally, if subjects arm is lifted over their head, they will hold it there until someone moves it, subject does not respond in any way". Suspect was known to her as Chris Wollerman, an alias used for theorpy group purposes.

*
udy?
She stated the subjects real name was Bill, last name unknown, and that he had been a dock loader at Wards. She related an instance when the suspect had told her that she was his girl during the Civil War, before he was shot and killed. Apparently this had reference to reincarnation. Molly states subject went to North Carolina for approximately two months and then returned to this area. She went on to say that he had studied for the Morman Church to be a minister, but then joined the Marines. Subject was known to be a security guard and to own a gun (See Denning's supplementary report dated 09-10-75, reference follow up investigation this party).

Miss Baer knew Shelly very well - they were good friends.

They were both selected in a student group from the Community College, Red Rocks, for a ten week Mexican excursion trip in April and June, 1972. Six months later in January and February, 1973 they returned to Mexico again with Max Abeyta. She related that Shelly and Abeyta were very close but she knew of no romantic involvement.

Miss Baer later received a telephone call from Shelly on June 23, she seemed in good spirits at that time. She also related the following information:

She knows of no friends of Shelly's who owned a red pick-up.

Shelly had never mentioned observing a devil cult to her.

She has never heard of Jeff Williams, Collins or knowledge of Shelly going into the Clear Creek County area.

Dear Lt. Smith:

In reference to your request for information concerning the symbol found, "T with a tail".

I have contacted my neighbor, Judy Poe, who has a reputation for being quite knowledgeable of these signs. Judy advises the closest symbol she knows to that indication is the sign for Saturn. The proper sign is, h, however the symplified form is 5. Judy advises this sign may have many meanings but death is ruled by this sign. Saturn is connected with the gall bladder, spleen, skin, teeth and bones. This later affect is strength by its influence on the anterior lobe of the pituitary when regulated by the sex glands and bone and muscle structure.

For further information I refer you to THE MODERN TEXTBOOK OF ASTROLOGY by M.E. Hone, D.F. Astrol.S., specifically page 30; HEAVEN KNOWS WHAT, by Grant Lewi; THE COMPLEAT ASTRALOGER (proper spelling) a McGraw Hill publication by Parker, pages 31 and 98; and SYMBOLS, SIGNS AND SIGNETS by Ernst Lehner, page 60. In the later publication the simplified symbol appears in the chart along with the grim reaper synonymous with death.

Judy also advises the symbol could possibly be Hebrew and suggested we contact someone who is knowledgeable in that area.

I hope that this information will be useful to you in your investigation and that this isn't leading you "down the garden path". If there is anything else we may assist you with please do not hesitate to contact this Department.

SUPPLEMENTARY REPORT

HOMICIDE: ROBERTSON, SHELLEY K.

CR#: 75-646

DATE OF REPORT: November 12, 1975

November 3, 1975: Tex Sullivan was at this office, bonding out his brother, Marvin. He advises that a bartender at the Spaghetti Rance, known only to him as Ruby, also recognized Shelley Robertson and states that Shelley had been to the Spaghetti Ranch. Tex advised that Ruby usually wears coveralls.

While talking to Detective Roger Burchette in reference to the Harvey Polygraph, Burchette noted that the last victim of Jack the Ripper was named Mary Kelley. It should be noted that on September 28th a Katherine Mary Kelley was reported missing from Telluride, Colorado. It is possible that the murderer of these victims may be identifying with Jack the Ripper.

ACTION NEEDED: Ascertain who the original Jack the Ripper victims were.

ACTION NEEDED: Contact Ruby at the Spaghetti Ranch and attempt to interview her.

November 8, 1975: While reviewing previous reports and autopsy Denning came to the following conclusions:

The assailant of Shelley Robertson was left handed.

1. Most of the injuries to Shelley Robertson were to the front part of her head and body. She was struck in the chest, forehead, cranium and the rear of her head, there was blood found on the right side of her head. ^{WHERE SHE WAS ALSO STRUCK.} This suggests that the assailant was left handed. Possibly the injury to the rear of her head occurred when she fell.

2. Rock samples were taken from the victims right side of of her chest. Possibly she was struck in that area with a rock again indicating that the assailant was left handed. The only other explanation would be that her body was weighted, in water, and no large rocks were found in the area. It should also be noted that Melony Cooley suffered head injuries from a large rock.

3. Regarding the question of the right earring missing, if it was removed while she facing her assailant, this again would indicate a left handed suspect.
(Note: Theodore Bundy is left handed) It is possible that the earring was removed after she was prone. She was found lying on her left side.

HOMICIDE: ROBERTSON, SHELLEY K.

11-8-75 continued: Most likely Shelley was not killed in the mine, ^{But} ~~and~~ was dead when she went in.

1. While there was water in the mine there was no water in Shelley's lungs. It is unlikely that she was struck at that location and quit breathing before she hit the ground.

At this date C.B.I. has not yet processed the evidence turned into them by this Department. The question of whether or not the hair found on Shelley's hip belonged to her or the assailant arises. At this time, while Bundy is still in custody, it should be determined whose hair this was.

ACTION NEEDED: Contact C.B.I. and have them process this evidence as soon as possible and all other evidence if possible.

November 12, 1975: The following actions should be taken regarding this case:

1. Set up an interview with Mr. William C. O'Hara.
2. Attempt to ascertain whether or not any school papers were turned in on the suspected date of the Robertson killing. ^{By Bundy.}
3. Contact Bundy's landlord to find out if any rent records were written near the date of the Robertson killing.
4. Attempt to interview Mr. Robert Jones.
5. Attempt to locate Shellie A. Robertson at 2700 South Holly, Apartment 229.
6. Contact Vernal Utah Police Department and ascertain whether a Guy O. Braekee, 126 North 625th Street East, resides in Vernal. A party giving this name stayed at the American Farmer's Lodge on West Colfax June 30th and July 1st. Denning attempted to find a telephone listing for this party and was unsuccessful. It is possible that the name Braekee is an alias.

~~ACTION NEEDED:~~ 7. Contact Fred Wollerman reference Bundy possibly traveling extensively for the Transactional Analysis group. This could be why Bundy travels throughout the U.S.

~~Detective Jerry Thompson
Salt Lake County Sheriff's Office
450 South 3rd East
Salt Lake City, Utah~~

Dear Jerry,

We are still attempting to place Bundy in Colorado at the time of Shelley Robertson's death.

Enclosed please find copies of the Denver Post's mailing list for the Utah area. Please note the name Carol McGill, at 473 First Avenue, Apartment 3, Salt Lake City, Utah. According to my records this would be within one block of Bundy's address where he was arrested in August. Would you please contact Ms. McGill, ascertaining why she receives the paper, if she knows Bundy and knows why he telephoned Contemporary Magazine, a part of the Denver Post. Carol McGill does not have a listed telephone number in the Salt Lake City area. Also I would appreciate your looking the mailing list over to see if there are any other names connected with Bundy. The date in the upper right is the ending subscription date.

I hope your case is going well and that something will develop to lead us into these other killings.

Sincerely,

Bob.
